## Detailed Action

### Restriction

1. Restriction to one of the following inventions is required under

35 U.S.C. 121:

I. Claims 1-8, drawn to a trim assembly, classified in Class 296, Subclass

37.9.

II. Claims 9-11, drawn to a method of forming, classified in Class 313,

Subclass 506.

2. The inventions, as best understood, are distinct each from the other

because of the following reasons: Inventions II and I are related as process of

making and product made. The inventions are distinct if either or both of the

following can be shown: (1) that the process as claimed can be used to make other

and materially different product or (2) that the product as claimed can be made by

another and materially different process (MPEP § 806.05(f)). In the instant case

educational toy can be made using this process.

Art Unit: 3612

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

4. A telephone call was made for the Attorney/Agent responsible for this application to request an oral election to the above restriction requirement, but did not result in an election being made.

5. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement is traversed (37 CFR 1.143). Applicant may amend the composition and/or the grouping of the above inventions (I, II, ...) to distinctly claim the subject matter which applicant regards as the invention.

6. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventor ship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least

Art Unit: 3612

one claim remaining in the application. Any amendment of inventor ship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(I).

7. Any inquiry concerning this communication or earlier communications should be directed to Primary Examiner Kiran B. Patel whose telephone number is 571-272-6665.
